Profile Summary

Full Stack Developer with 1 year of experience building responsive web applications using the MERN stack. Skilled in both front-end and back-end development with hands-on software development experience focused on performance, scalability, and user experience.

Technical Skills

• React JS • JavaScript • Python • Node JS • Express JS • SQL • MongoDB • HTML • CSS • Bootstrap

Work Experience

T.I.M.E. Kids Pvt. Ltd. - Assistant Manager   Mar 2024 - Jan 2025

• Assisted in developing teacher and parent portals, reducing load times by 20% and boosting engagement by 15%.

• Supported MERN stack integration into the LMS, increasing online course accessibility by 10%.

• Collaborated on agile projects to help maintain 98% uptime and achieve a 25% reduction in reported bugs.

• Provided first-level technical support and data analysis, enhancing user satisfaction by 20%.

T.I.M.E. - Management Trainee   Jan 2023 - Feb 2024

• Worked across multiple departments, gaining a comprehensive understanding of the organization's operations and business processes.

• Worked on internal dashboards and reports to track KPIs and operational metrics.

Projects

Mini Games | **React JS** | Live | Code

• Created a mini-games platform featuring Emoji Memory, Rock Paper Scissors, Matrix Match and Card-Flip games.

• Designed a clean, responsive homepage with game logos and footer with social media links.

• Implemented seamless navigation using React Router and built all components using functional React architecture.

• Focused on user experience and performance through modular code structure and intuitive UI design.

Loan Manager | **React JS** | **Node JS** | **MongoDB** | **Express JS** | Live | Code

• Developed a full-stack Management System with JWT authentication for secure user access and role-based authorization. Designed and implemented workflow with features for loan application, approval, and rejection.

• The system allows users to register, login, apply for loans, and track their loan status in real time.

• Implemented secure API endpoints with middleware validation, proper error handling.

• Buit a responsive user interface with React Router for seamless navigation, featuring detailed loan history tracking for both users and administrators.

• Created an analytics dashboard for administrators with data visualization using Chart.js, displaying key metrics.

Education

• MBA - Bhavan's Vivekananda College, Secunderabad. CGPA (7.5/10)   Dec 2021 - May 2023

• BTech - National Institute of Technology, Jalandhar, Punjab. CGPA (6.5/10)   July 2015 - May 2019

Certifications & Training

• MERN Stack Development Program - **NXT Wave** CCBP Intensive 4.0 Tech Program.   Apr 2024 – Apr 2025

Achievements & Interests

• Completed 30 days hands-on coding challenge and multiple real-world projects during training.

• Passionate about new technologies, continuous learning, and exploring innovative front-end development solutions.
